THE ERIC SYSTEM AND ERIC/EECE

The Educational Resources Information Center/Elementary and Early Childhood Education Clearinghouse (ERIC/EECE) is part of a system of 16 clearinghouses sponsored by the National Institute of Education to provide information about current research and developments in the field of education. The clearinghouses, each focusing on a specific area of education (such as early childhood, teacher education, languages and linguistics), are located at universities and other institutions throughout the United States.

Each clearinghouse staff searches systematically to acquire current, significant documents relevant to education. These research studies, conference proceedings, curriculum guides, program descriptions and evaluations, and other publications are abstracted and indexed in Resources in Education (RIE) a monthly journal. RIE is available at libraries, or it may be ordered from the Superintendent of Documents, U.S. Government Printing Office, Washington D.C. 20402. The documents themselves are reproduced on microfiche by the ERIC Document Reproduction Service for distribution to libraries and individuals (see preceding page).

Another ERIC publication is Current Index to Journals in Education (CIJE), a monthly guide to periodical literature which cites articles in more than 700 journals and magazines in the field of education. Most citations include annotations. Articles are indexed in CIJE by subject, author, and journal contents. CIJE is available at libraries or by subscription from Oryx Press, 3930 E. Camelback Rd., Suite 206, Phoenix, AZ 85018.

The Clearinghouse on Elementary and Early Childhood Education (ERIC/EECE) publishes topical papers, bibliographies, resource lists, and a newsletter for persons interested in child development, child care and childhood education (for children from birth to age 12). The clearinghouse staff also answers individual information requests and provides computer searches of RIE and CIJE and other data bases. For more information, write ERIC/EECE, College of Education, University of Illinois, Urbana, IL 61801.
